FARMAGGEDON 2021
RISK ASSESSMENT FOR CUSTOMERS VISITING FARMAGGEDON

Date: September 2021 & reviewed daily during the event.							
Hazard identified	How it can be caused	Existing Controls			Likelihood	Outcome	Risk level

Risk Assessment Matrix

Likelihood	Injury Outcome		Damage Outcome	Risk Level Scores
5 = Almost certain to	Death or Permanent Disability	5	Total destruction	10 – 25 High Risk
4 = Very likely	Hospitalisation	4	Significant damage	
3 = Likely	Treatment by local doctor	3	Maintenance required before use can continue	7 – 9 Medium Risk
2 = Unlikely	First Aid treatment	2	Repairs completed without disruption	
1 = Very unlikely	Discomfort	1	Slight scratches	1 – 6 Low Risk

Notes:

- This risk assessment has been prepared by the staff of Farmageddon as a general guide for visitors and visiting groups.
- Further information can be found in the Question & Answer section of the Farmageddon website: www.farmageddon.com along with the Access Statement for the event.
- It must be remembered that Farmageddon is a live performance and each night has the potential to be a slightly different experience for those attending.
- It is also impossible to know how people will react in and to situations until they actually experience them.
- We suggest that all group members have the mobile phone number of the rest of their group / group leader in their phone in case of emergency or separation.
- We suggest that any group members with respiratory conditions bring inhalers and any necessary medication with them.
- We recommend, based on past experience that group leaders be prepared for individuals to become upset and need escorting off site as soon as possible. Groups should ensure that they have sufficient adults to escort “distressed” individuals back to their vehicle and supervise them there without affecting the supervision requirements of those remaining on site.
- The team at Farmageddon are constantly monitoring the COVID situation and are implementing changes to ensure the safety of all on site at all times. In the event of any changes to government guidance or legislation we will ensure that we are continuing to do all we can to deliver a safe event.
